

PRESIDENT'S WELCOME

VS

Hi Cats Fans!

This season is throwing up some challenges for the club as we currently sit 9th (on percentage) in the A's and 8th in the B's and C's, although not for a lack of effort. This season again shows the importance of playing four quarters to get the win as the small patches of poor footy allows the opposition to get on top and it's an uphill battle after that. But as they say, it's never as bad as it seems as the A Grade are only one win behind 4th spot with plenty of footy left to play this season.

This week we have a triple header against North Haven, a club the A's haven't played against since 1992 and the C's last played in 2005. This weekend provides the club another good challenge to get the important wins on the

board to get on track towards making finals, which is where you always want to be each year.

The club has welcomed a new sponsor with Badge Constructions coming on board recently and we are very thankful to them for joining the club. If you or your business are interested in supporting the club as a sponsor please get in touch with us to discuss the sponsorship options available.

This round is Umpire Appreciation Round for the Adelaide Football League. As a club we strive to show respect for team mates, opposition and of course the umpires as without them we wouldn't be able to play this great game. It will be great this weekend to continue showing this respect to the umpires from both the players and supporters.

The next social function for the year will take place next Saturday night at the Footy Club with 'Music Icon Night.' The Social Committee are doing an outstanding job this season with their events, so make sure you snap up your ticket quickly!

The support this year has been excellent and it will be great to see another full grandstand to support our guys as they run out against the Magpies this Saturday as we continue to try and build towards finals.

Go Cats!

DODGY HOROSCOPES

20 years ago a man name 'Godra' graced Footy Park, doing what he wanted in the forward fifty. Kicking goals for fun and getting more hangtime than Michael Jordan in Space Jam. As a Sagittarian with a strong connection to the great man, it's time to channel some of his powers and do as Seal said 'Fly like an Eagle.' Pick your moment wisely as opportunities to take a crisp hangar don't come around every day. Give yourself plenty of time to judge the ball in flight and get upstairs. Be composed and don't get your hands in your opponents back. Extra points to those who decide to take one over your own team mate. The coach may not like it but heck it will look good on the video later on.
